

Dear Friends,

For some time now elders of several indigenous peoples have held gatherings to prepare for a new time to come. In the words of Don Alejandro Oxlay of the Maya:

"The time of 13 Ahau and 13 Baktun is the time of the return of the ancestors and the men of wisdom."

Also this upcoming weekend, July 17-18, 2010 of the Conscious Convergence, will include indigenous peoples from many parts of the world and aglobal medicine wheel ceremony, which will allow the Eagle, the people of the north and the mind, and the Condor, the people of the south and the heart, to fly together.

To this event, which sets the intention of manifesting unity consciousness as part of the global transformation predicted by the Mayan calendar, all people of our planet are invited.

This will be one of the defining moments in the history of our planet when those committed to being co-creators of the cosmic plan will step forward and set their intentions as part of the larger human race.

And so, if you share such a commitment, it is critical to take part and let your friends know about it so that they will not miss out.

he program is outlined at: <http://commonpassion.org/group/conscious-convergence>.

Lilou Mace has interviewed Barbara Hand Clow, Barbara Marx Hubbard and James Redfield as to their views of the importance of the Conscious Convergence.
